

ENVIRONMENTAL POLICY

ENVIRONMENTAL POLICY

NOVERA EXIM is committed to raising the standard of our performance throughout all aspects of our business. Through innovation, service, expertise and competent employees, NOVERA EXIM is committed to meet demanding regulatory and Interested Party requirements and to wherever possible, assist our customers in meeting the waste management strategies and targets incumbent upon them.

We recognize the demands, to comply with appropriate legal and other requirements to which NOVERA EXIM subscribe, and for us to prevent pollution and conserve the environment on local, regional and potentially global scales and for us to consider measures to adapt our operations to better our environmental performance.

Our management system, operating performance and environmental risks shall be reviewed on a regular basis to ensure that adequate resource is directed towards meeting our objectives and targets, which are set on an annual basis to improve environmental performance.

NOVERA EXIM is committed to engaging with our neighbors, customers and regulators to better understand their requirements or concerns.

Policy measures

- ✓ Pursue continual improvements in environmental performance and business effectiveness through the operation of our externally-certified Management System.
- ✓ Identify environmental risks and use best practices, technological innovation and due diligence to improve environmental performance and reduce our potential to cause pollution.

- ✓ Promote waste recycling and recovery, and endeavor to produce products and renewable energy to help displace non-sustainable use of natural resources.
- ✓ Review the environmental credentials of our suppliers and contractors as required.
- ✓ Enact energy efficiency objectives and to measure resource consumption to take active measures on monitoring and reporting carbon emissions to meet improvement targets.
